

Enable your HR organization to drive business transformation

Our projects focus on HR strategy, processes and successful professional skills & tools - based on the following guiding principles:

Background

Diesen Absatz kann man evtl. auch weiter oben auf der Hinführung zum Factsheet

- 10+ years as VP HR Business Partner and Country HR in the electronics | automotive | semiconductor industry
- Worldwide HR responsibility for high growth business and corporate functions in a billion-dollar revenue environment
- Global recruitment initiatives, engagement programs and high-performance teams' development
- International M&A, post-merger and restructuring projects
- Talent and leadership development, potential analysis, coaching and 360°-feedback

HR Strategy and Transformation

- Thoroughly aligned with the needs of your future oriented business transformation
- Continuously validated with General Management to adapt to business challenges and targets
- Links all HR activities and services to business success
- Based on agreed competency framework as the connecting link of all HR activities
- Resulting in actionable implementation plan with meaningful KPIs

Recruitment and Onboarding

- Job analysis and meaningful job description as the basis of successful recruitment
- Creative and targeted recruiting initiatives involving all parts of the organisation
- Well trained (structured interviews!) and organized interviewer panel
- Speed matters! Fast reaction to candidates and interview requests
- Reference checks and tests (personality, competencies, etc.)
- Actively managed probation time to test and integrate the candidate

Performance Management

- Your people want and need clear feedback!
- Feedback as the basis for learning and increasing competitiveness
- Feedback goes 360° and includes all major stakeholders
- "Calibration sessions" with a group of managers lead to better judgements
- Conclude and follow-up on agreed actions - do not postpone problem solving!

**Talent
Development,
Retention &
Succession
Planning**

- Identification of top talent by a well composed group of managers and experts
- Growth and performance-oriented development paths and guidelines
- Preference to training-on-the-job, incl. coaching and mentoring
- Networking opportunities and visibility for your best talent
- Structured “Engagement Talks” to check retention risk and ensure clarity of roles & responsibilities
- Succession plans: keep it simple and make them relevant

**HR Interims
Management**

- As an option, we manage your HR organization on an ad-interim basis
- This allows you to ensure business continuity, drive HR excellence - and to carefully select the best future HR leader
